**Don't Use Paint
When You Really
Need INK**

INDUSTRIAL SPRAY INKS

**High Performance
Industrial Grade
Cost Efficient**

- Easy-Press, no-drip nozzle for even spraying with no patching or skipping
- Bold, brilliant, lead-free, pigment colors for high contrast marking
- May be used on any surface
- For stenciling, color coding, identification marking, sign making
- Steady, uniform spray with minimum mist and running
- Permanent, quick drying, weatherproof, low odor level
- Economical because of its minimum overspray
- Meets Federal Ink Specs for water and weather resistance
- Complies with A-A-208D Performance Specs for black, white, and red
- One can provides good coverage for 120 - 2 line stencils

*Steady, uniform
spray from ink*

Ink is better than paint - the quick drying formula results in little running and minimum misting. The flat finish provides an easy to read mark. Cost efficient; using less ink to make a permanent, weatherproof mark.

Tan Mark Over Spray

Spray Paint Runs

Ink Does Not Run
